

International Union of Anthropological and Ethnological Sciences (IUAES)

Information for all anthropologists and ethnologists worldwide

The IUAES needs your support! The IUAES is the most comprehensive and all-encompassing world forum of and for our discipline. For the IUAES to serve the interests of the world community of anthropologists and ethnologists, it needs all anthropologists/ethnologists worldwide to sign up for individual membership. We've therefore revised our individual membership application/renewal process, subscription rates and collection methods:

- Individual member subscriptions will be annual – at least until the 17th International Congress due to be held in Manchester in 2013.
- Subscriptions will be payable by PayPal or bank transfer, except in exceptional circumstances.
- Individual membership rates, specified in GBP (£) - since the IUAES bank account is now based in Britain - will be linked to the self-declared annual gross income of the member as of 1st January each year, and as calculated below:

For those earning **≤£10,000** p.a. (including students), the annual subscription is now **£7**

For those earning between **£10,000 and £20,000** p.a. the annual subscription is now **£10**

For those earning between **£20,000 and £30,000** p.a. the annual subscription is now **£16**

For those earning **>£30,000** per annum, the annual subscription is now **£23**

Life membership (regardless of income) is **£575**

We call upon all anthropologists and ethnologists in all countries to become members of the IUAES for 2011, by visiting www.iaaes.org, clicking on Membership, and completing the online form.

Membership carries with it the benefit that you are able to register for IUAES congresses, intercongresses, and other IUAES events.

Forthcoming IUAES events include:

- 1) IUAES Inter-Congress, Bhubaneshwar, India, November 26-30 2012, www.kiit.ac.in/iaaes
- 2) 17th International Congress of Anthropological and Ethnological Sciences, Manchester, U.K., 5-10 August 2013, www.iaaes2013.org
