

## CALL FOR PANELS NOW OPEN

International Union of Anthropological and Ethnological Sciences (IUAES)  
2014 Inter-Congress with JASCA

Dear Colleagues,

We are pleased to announce that the IUAES 2014 Inter-Congress will take place in Chiba City, Greater Tokyo, in conjunction with the 50<sup>th</sup> Anniversary Conference of the Japanese Society of Cultural Anthropology (JASCA).

The conference will be held between 15 and 18 May 2014, and aims to attract over 250 delegates from around the world.

The theme of the conference is *the Future with/of Anthropologies*. The intention is to bring together discussion and debate on the futures of various 'anthropologies', and on the futures of 'humanity', 'culture' and 'society' engaged with as well conceptualized within anthropology.

We encourage submission of panel proposals, and details of the submission process are indicated on the conference homepage.

<http://www.iuaes.org/japan2014/index.shtml>

Panel proposers should submit a title, short and long abstract via the on-line submission system by the deadline of **3<sup>rd</sup> November 2013**.

The call for papers will be open from 28<sup>th</sup> November 2013 until 9<sup>th</sup> January 2014 and papers will be proposed to specific panels.

Queries regarding the submission process should be addressed to:  
conference(at)iuaes.org

Queries for the Japanese steering committee should be addressed to:  
[conference\\_secretary\(at\)jasca.org](mailto:conference_secretary@jasca.org)

This joint conference comes at a critical moment in terms of finding new pathways for engagement among world anthropologies. JASCA is one of the largest anthropological associations in the world with over two thousand members yet the vast extent of its

production of anthropological knowledge has remained relatively contained within the Japanese-language community. This conference aims to create new dialogue, connections and cross-fertilization of ideas for a more open network of anthropologists for the future.

We look forward to receiving a stream of thematic panel proposals for this important event.

Junji Koizumi

Secretary-General, International Union of Anthropological and Ethnological Sciences (IUAES)

President, Japanese Society of Cultural Anthropology (JASCA)
