Dear members of the IUAES and WCAA,

Following the ratification vote held in Ottawa by the IUAES and online by the WCAA, the final version of WAU's operational guidelines are to be verified by a review committee made up of two members of the IUAES Executive Committee, two members of the WCAA Organising Committee, and one individual chosen from the general membership of WAU.

You now have an opportunity to provide comments and suggestions to modify the text of the operational guidelines before they are finalised. The review committee will do its best to incorporate all suggestions and address all concerns raised, and, where this is not possible, to provide you with a rationale for why that is the case. Please refer to the draft operational guidelines available at <http://www.iuaes.org/guidelines.pdf> when making comments. All comments must be submitted to IUAES Secretary-General Junji Koizumi (koizumi[at]hus.osaka-u.ac.jp) and WCAA Chair Chandana Mathur (Chandana.Mathur[at]nuim.ie) on the WAU Operational Guidelines Review Form which is available [here](#). The deadline for submission is Friday 4th August 2017.

Kind regards

Members of the review committee
